CAUTION - EXTERNAL:

Hello my name is Allison Massenburg case 2:19-cv-03407-GAM and I just received a letter today stating that you closed out my case as of november 19,2020. I never got a notice of any sort after the one sent about a hearing that never happened due to covid 19. I have left several messages about not being able to find a lawyer. I didnt receive that packet from the other firm until late and i had spoken to them about not getting it or knowing how to fill it out properly without counsel. I didnt expect them to tell you that we were in contact and so i called and left messages but no one ever got back to me. I have statements of people who were there when the discrimination took place. I dont find it fair that i wasnt given any notice from the court itself just contact from the lawyers of footlocker and then the case is closed. I dont know what can be done now if anything but i would like a chance to prove what i said. Losing my job for things tht had nothing to do with my work ethic turned my life for the worse. I do appreciate your time and if someone could please let me know if anything can be done i would greatly appreciate it. Thank you Acmassenburg@gmail.com
